I support the Lynn canal Highway project, because it will:

- 1) In the long term, save money, & reduce our carbon footprint.
- 2) The Lynn canal Highway project will open up allot of land that is unreachable for the majority of Alaskans, for both recreation, & economic opportunity's.
- 3) The Lynn canal Highway project would free-up recourses of the AMHS to enhance service to the outlying community's, that have no possibility of being served by a road.

Thank you for your time,  
Dean Clark
